INTRODUCTION

This manual explains how to log in to the eSource System using UAE PASS.

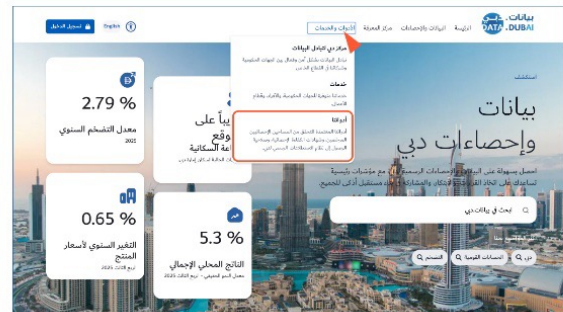

ACCESSING THE LOGIN PAGE

1. Open your preferred web browser.
2. Go to the system URL: <https://data.dubai/en/tools>

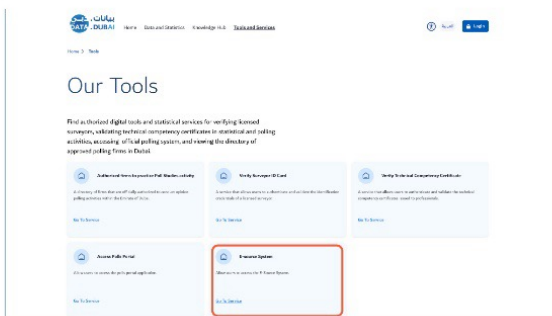

- 1 You can access the **E-source** system through the **Tools and Services > Tools**

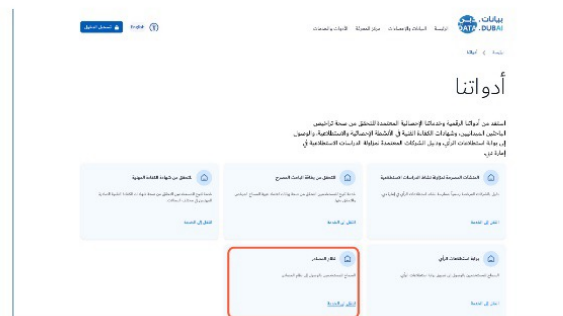

- 1 بالإمكان الوصول إلى نظام المصادر من خلال رابط الأدوات والخدمات > أدوات

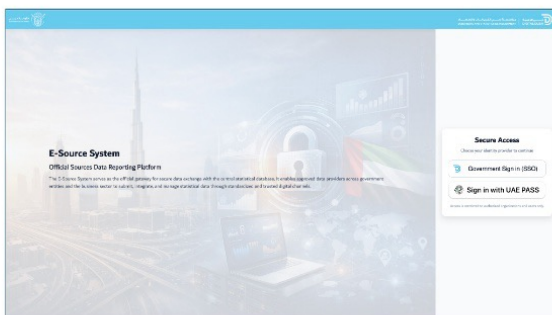

- 2 Then select the **E-sources System**

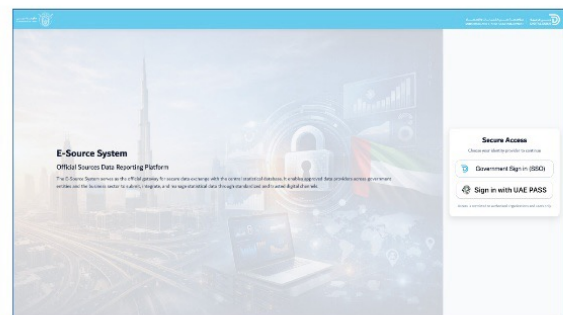

- 2 ومن ثم اختيار نظام المصادر

- 3 Please ensure that authentication is performed **through the E-Source System** rather than the Data.dubai Portal when accessing E-Source system

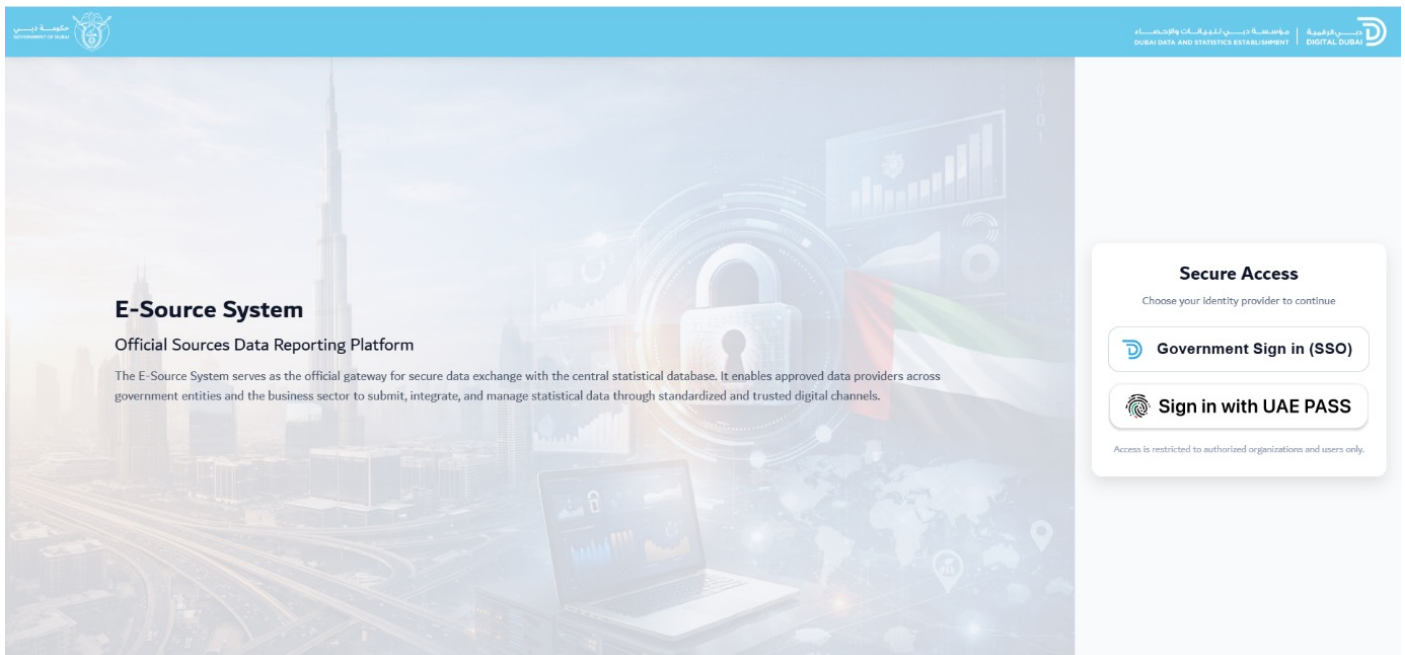

- 3 يرجى التأكد من أن عملية الدخول تتم من خلال نظام المصادر وليس من خلال بوابة بيانات دبي.

3. The home page of the system will appear.

4. Click the “Login with UAE PASS” button located at the top-right corner of the page.

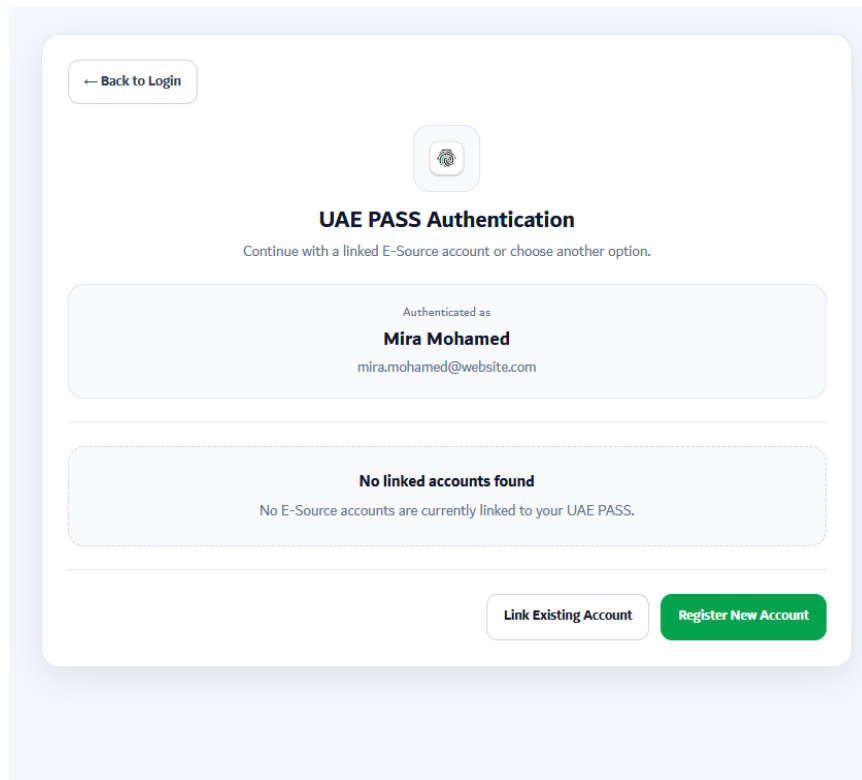

[Screenshot 1: Login Page]

UAE PASS AUTHENTICATION

- You will be automatically redirected to the UAE PASS login page.
- Enter your login credentials (username and password or facial/biometric authentication).
- Once authentication is successful, you will be redirected back to the eSource system automatically.

RETURNING TO THE E-SOURCE APPLICATION

- After verifying your login with UAE PASS, the system will automatically redirect you back to the eSource system.
- If the user does not already have an account in the eSource System.

[Screenshot 2: Authentication Callback]

NEW USER ON THE E-SOURCE SYSTEM

- You can register a new account in E-Source system using UAE PASS by clicking on Register a new account button
- as shown below if you would like to register using UAE PASS email so no need for verification and can complete the registration process
- but if you would like to register another email on E-Source or using corporate email, you can change the corporate email, but any different email will need to verify the email then complete the registration

← Back

Register New Account

Review your UAE PASS information, verify your corporate email, then continue registration.

LINKING THE UAE PASS ACCOUNT WITH THE E-SOURCE SYSTEM ACCOUNT

- If the user already has a personal account or an organization account within the system, they can link both accounts by selecting “Yes” (indicating they already have an account).
- In this case, the user will need to enter their existing eSource account credentials to complete the linking process successfully.

[Screenshot 5: Account Linking Page]

COMPLETING THE ACCOUNT LINKING PROCESS

If the user enters the correct account credentials and clicks the “Link Account” button as shown in the image above, the two accounts will be successfully linked, and the newly registered account will be shown in the linked account list, then you can choose which account you would like to sign in.

RESETTING THE E-SOURCE SYSTEM PASSWORD

If the user does not have a password for their eSource system account, they can click “Forgot Password, and they will be redirected to the password reset screen, as shown in the image below.

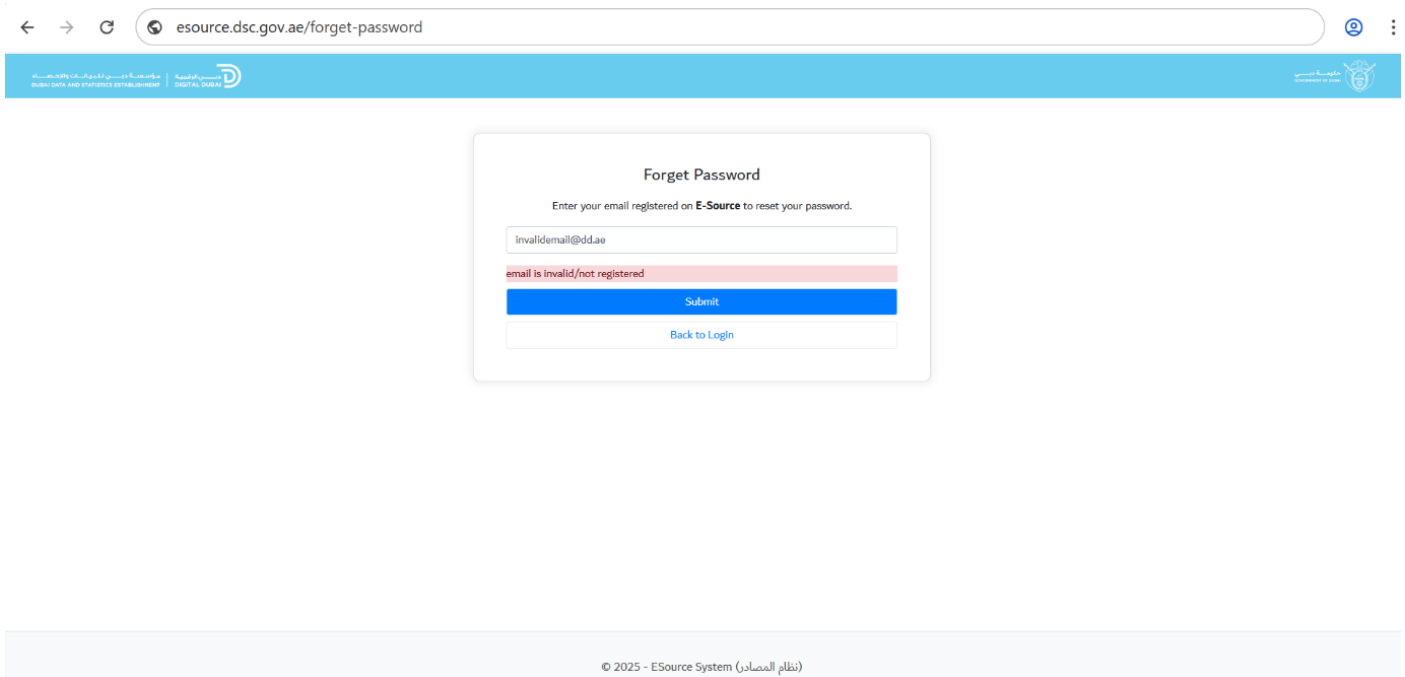

[Screenshot 6: Password Reset Screen]

- After entering a valid and registered email address, an email containing a password reset link will be sent, as shown below.
- The user should then return to the login page and repeat the account linking steps by logging in again with UAE PASS.

[Screenshot 7: Password Reset Link Email]

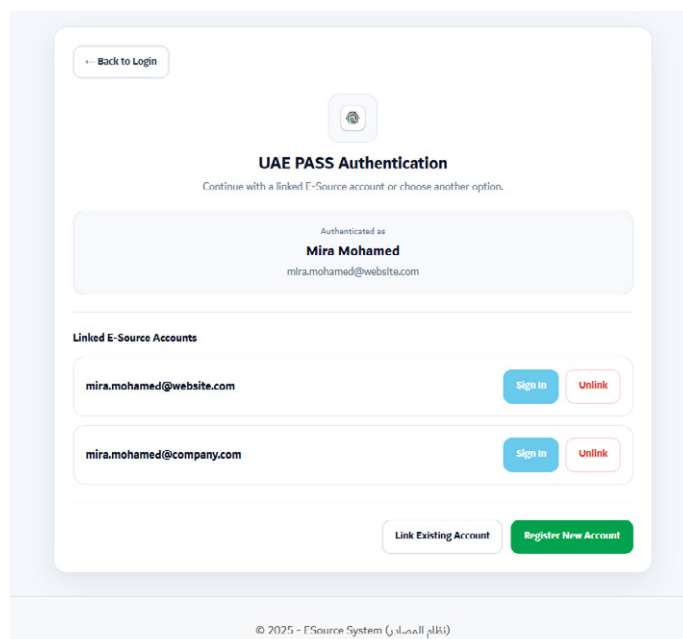

If an invalid email address is entered, an error message will appear indicating that the email is not registered in the system.
